

END OF TERM ACTIVITIES AND CELEBRATIONS

Summer Term 2020

Even though some of us are at school and others are working from home, we still wanted to let you know about all the wonderful end of term celebrations we will all be enjoying in S. Anselm's Nursery and Pre Prep!

Nursery Sports Day

One of our favourite events of the year will still take place! Some of the events may look a little different and they will be shared remotely but the magic of the day will remain.

We will ensure all children are included, even if they are competing from home!

The Pre Prep Summer Concert

We just couldn't finish the year without listening to some wonderful performances, sharing some super work but also being able to celebrate the time our special Year 2s have spent in the Pre Prep. We are sure that this recording will be a cherished memory for years to come.

The Pre Prep Quiz

A new event but one we are all looking forward to. Take part individually, in pairs, groups or even as a family. Everyone will be able to enter whether at home or school!

Party!

Of course no year is complete without a party with your classmates and these will still go ahead combining virtual and actual means!

Nursery Leavers Concert

Our Rockets are ready to blast into Reception and we would like to celebrate their time in Nursery and send them on their way with a very special concert, that we will share with you by video.
